

FEATURES & SPECIFICATIONS

INTENDED USE — For entrances, stairwells, corridors and other pedestrian areas.

CONSTRUCTION — Rear housing is rugged, corrosion-resistant, die-cast aluminum. Front cover is one-piece UV-resistant injection molded polycarbonate, internally painted. Captive external hardware is specially treated for corrosion resistance and includes slotted hex-head and tamperproof fasteners.

FINISH — Dark bronze (DDB) corrosion-resistant polyester powder.

OPTICAL — One-piece die-formed reflector is diffused aluminum. Refractor is clear UV stabilized polycarbonate. Front cover is sealed and gasketed to inhibit the entrance of outside contaminants.

ELECTRICAL — Compact fluorescent ballasts are multi-volt (120-277) electronic high power factor. UL Listed. Four-pin positive latching thermoplastic socket.

All components are heat-sunk directly to the cast housing for maximum heat dissipation.

INSTALLATION — Mount to any vertical surface or to a 4" outlet box. Back access through gasketed slot. Top wiring access through 1/2" threaded conduit entry. Through-wiring requires use of a conduit tee. Photocells are field-installable.

LISTING — UL listed for wet locations. IP65 rated. UL Listed to US and Canadian safety standards (see Options). NOM Certified. (see Options)

WARRANTY — 1-year limited warranty. Complete warranty terms located at www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx.

NOTES:

- Optional multi-volt electronic ballast capable of operating any line voltage from 120-277V.
- Not available with MVOLT.
- Maximum allowable wattage lamp included.
- Not available with MVOLT.
- May be ordered as an accessory as TWAUG U.
- Finish applied to housing only.
- Must be specified (35K lamp with LPI).

Notes

- 1 Photometric data for other distributions can be accessed at www.lithonia.com.
- 2 Tested to current IES and NEMA standards under stabilized laboratory conditions. Various operating factors can cause differences between laboratory data and actual field measurements. Dimensions and specifications on this sheet based on the most current available data and are subject to change without notice.
- 3 For electrical characteristics, consult outdoor technical data specification sheets on www.lithonia.com.
- 4 Actual performance may differ as a result of end-user environment and application.
